

Our Customers

What are PCIS' customers saying?

"The value of PCIS is demonstrated just by their knowledge. They can see things from the customer's perspective. Our people feel very supported."

- Ken, IT Manager,
School Division

"I'm very pleased with the work. The NSA report was extensive. There were lots of little things in the report where I could say 'I didn't know that.' Great suggestions for encryption!"

- Peter, IT Manager,
Government Agency

"We found out about you through a referral from someone we respected. PCIS helped us overcome our web vulnerability problem. Service was first-rate."

- Ron, Director,
Non-profit Agency

"Our experience with PCIS was very positive. If there was a change in scope required from our side, you took our needs into consideration and got it done faster than expected."

- Paulina, Director,
Corporation

Who are PCIS' customers?

Our customers include enterprise-class corporations, government agencies, non-profit organizations and businesses across North America. We provide packaged IT solutions that specifically address our clients' business needs.

Our packaged service approach to network infrastructure and security, password management and data integrity solutions is based on proven methodologies. This allows us to deliver results with a known budget and in a timely manner.

Why do our customers trust PCIS?

PCIS has built a strong reputation for excellent customer support throughout 15 years in the IT industry. Boonbox division and parent company PCIS are proud members of the Better Business Bureau of the Lower Mainland in Vancouver, BC.
